

The First Christmas.

LUCAS 11, 1-17.

8 And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

9 And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

10 And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

11 For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

12 And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

13 And suddenly there was with the angel a multitude of the heavenly hosts, praising God, and saying,

14 Glory to God in the highest, and on earth peace, good will toward men.

15 ¶ And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

16 And they came with haste, and found Mary and Joseph, and the babe lying in a manger.

17 And when they had seen it, they made known abroad the saying which was told them concerning this child.

And so, 'tis Christmas again. Never before has it appeared to us that there were preparations for so many Christmas trees in Union, and entertainments to make people happy. Mr. W. H. Pfister, who has lived all his life in the county, said this morning that he had never before seen our people in such a good frame of mind and apparently so happy. Then let us with a will celebrate this Christmas, and don't forget those who may not be so fortunate as we.

Panama.

Reports seem to indicate that Colombia will be inclined to give the United States a great deal of trouble about our attitude towards Panama. As there is now a great deal of talk on this subject, and likely to be more, it will be well for our readers to bear in mind the primary facts in the case. A French company, years ago, began to dig a canal across the Isthmus of Panama, which belonged to and was a part of the Republic of Colombia. When it became manifest, sometime before Mr. McKinley's death, that this country was determined to dig a canal, the rights and property of the old French company in Panama were bought by the United States for \$40,000,000. A treaty was negotiated with Colombia by which we were to pay \$10,000,000 to that country for such concessions as were deemed necessary. The treaty went before the Colombian congress this fall and was rejected. The idea of the Colombians seemed to be that they would force the United States to pay a great deal more money. Now, the State or Province of Panama, through which the canal was to be built, was very anxious for the work to be done. So when the congress of Colombia rejected the treaty, Panama saw that there was danger of the Nicaragua route being selected instead, and they at once began a secession movement, withdrew from Colombia and set up a republic of their own. Under certain treaties the United States is compelled to maintain order on the isthmus, and so we have not only recognized the Republic of Panama, but also refused to let Colombia send troops to coerce Panama.

So Colombia finds itself in a plight. Refusing the treaty which its representative had made, and thus manifesting greater greed than wisdom, she has lost all. The present administration of the government of the United States has been greatly censured for its hasty recognition of Panama. Whether this censure is just or not, we do not know. To us it looks like this country is right in not letting the greed of a few South American politicians stand in the way of a great enterprise, world-wide in its importance.

If a press dispatch sent out from Rome last week is correct, the late Pope Leo, who died this year at such an advanced age, was a gentleman of miserly instincts. The report says that Cardinal Gotti called on the present Pope Friday and carried with him a bag of bank notes, which he said Leo had left with him to be turned over to Leo's successor in office. The bag contained \$9,000,000. The same dispatch says that since Leo's death some carpenters, while making some changes in his chamber, found \$1,800,000 in coin stowed away in loose bags.

1903--Christmas Reflections--1903

(CONTINUED FROM PAGE FOUR.)

A Merry Christmas to All!

Once more all Christendom looks at the Star of Bethlehem. As it guided the wise men in their journey from the East until they presented in worship their gifts to the infant Jesus, so may it shine as our Star of Hope in life's wanderings to guide us to the haven of the Christ.

A merry Christmas to all!
Mrs. O. E. CUNNINGHAM.
Waxhaw, N. C.

Beautiful Sentiment by a Marshville Lady.

When the angels sang, "Peace on earth, good will towards men," then was born the true spirit of Christmas, coming down through all ages and causing our hearts to overflow with good wishes for everybody and a desire to make all glad and happy. A heaven-born sentiment in recognition of our one precious gift, Jesus the Savior.

Marshville, N. C.

Old Time Christmas No More!

Some say that they don't come any more, old time Christmas with its joy and cheer. When mother tucked me carefully in bed, And Santa Claus came with his reindeer and sled. When a pack of firecrackers and a tin horn, Made me the happiest boy that ever was born. When I ate a dramstick and a piece of pie, And stood on my head till my head-aches made me cry.

As I think it all over I just make up my mind, I'll do something for every poor little fellow I find. I'll try to make him enjoy it too, you know, Even if he can't have our old time Christmas and ice and snow.

Christian Greetings.

Christian greetings to the editor and all the readers of The Journal.

As the Christmas times draw near, we are reminded of the incarnation of our Christ, the Lord. He came not only to atone for sin and give us strength and hope, but also to be our pattern, our example, that we might know how to live. He has gone before us in all the walks and ways of life that we might follow in His footsteps. In the light of this, may we not ask with the old philosophers, "What is the chief good?"—the summum bonum? They answered, "It is happiness." Christian philosophers have said it is spiritual worthiness. What is this but another way of saying that the chief good is to be like Christ, the Lord?

Waxhaw, N. C. L. E. STACY.

The Third Christmas of the Twentieth Century.

As we are about to pass the third Christmas of the twentieth century, and as time and opportunities are so rapidly passing, and as we look back remembering God's peculiar favor to us, let us appreciate and improve the present; and as such great possibilities present themselves in the future, and as we know if anything good is ever done by us it must be done soon, let us celebrate with proper appreciation the birth of our Savior during the approaching Christmas. Obey His commands; accept His companionship; go on to victory in the conquest of the world for Christ.

J. L. BENNETT.

Make Christmas All the Year.

Christ comes to take His place among men. Open the heart and take him in. Give Him the highest glory by giving Him the headship over all things, religious, social, commercial. Let Him calm the storm-passions of your soul and give you peace. Let His spirit of good will to men live in you and make it Christmas all the year. "Thanks be unto God for His unspeakable gift."

J. C. ROWE.

The twenty-eight saloon keepers of Raleigh, who will be put out of business by a dispensary on January the first are preparing to give the poor children of the city a big Christmas tree. These men are above the average of their kind. The others believe in keeping it all after they have taken from the children, but these have grace enough to give some back.

Head About to Burst From Severe Bilious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr. J. W. Smith of Joliff, Tex. For biliousness, stomach troubles and constipation these tablets have no equal. Price 25 cents. For sale by Dr. S. J. Welsh and C. N. Simpson, Jr.

No Feed Bills!

No Long Profits!

If you buy your Horses, Mules and Buggies of C. C. Sikes. Why? Here's our story. Tis quickly told,

but it's to the point. We sell quick, so run up no long feed bills. We sell cheap and therefore sell a heap. Another fine lot of sleazebag animals just in, and we mean to sell them even closer than before. Our reputation for selling good stock at low figures is growing, but we want it to grow faster yet, so give us a chance.

A car load of Buggies just in. Our new buggy store will be completed in a short time and we can then display our vehicles better.

Relating to the Public Schools.

[Teachers, committeemen, students or others interested in the public schools are invited to contribute to this column. School news, personal items or anything bearing upon the public schools will be welcome.—The Editor.]

A Splendid School.

Rock Rest School, Dec. 17.—The school here is in a most prosperous condition, there being 97 on roll.

We have a very enthusiastic class in agriculture, that will finish up the course in about a month. An appropriate prize will be given to the one making the highest mark on the final examination.

There are nine in the class in algebra, and as a whole they are doing excellent work.

There are about eighty-five in the different arithmetic classes, and they are making fair progress.

Mrs. Lillian Williams, who teaches history, geography, reading, and spelling, says that her classes are doing good work.

We get The Charlotte Daily Observer, The Monroe Journal, and three or four other weekly newspapers, as well as seven of the leading monthly magazines, and the students are fond of them.

A class of fifteen of the boys and girls will begin reading the leading poets and novelists after Christmas. This class will study in connection with the composition class, and will write abstracts of what they have read.

The boys have organized a debating society, which will mean much as a supplement to the regular school work.

We will suspend our work here on December 22nd, and resume the work again December 30th.

A happy Christmas to the proprietors of The Journal, as well as to all the schools in Union county.

ISA MULLER.

The boys of the Mt. Prospect graded school have organized a debating society, with Philip Plyler president and James Crane secretary. The editor of The Journal has been asked by the boys to give their society a name. We suggested this, if it suits them. "The Mason Debating Club"—this in honor of Nathaniel Bacon, who, for a third of a century following the establishment of the United States government, represented North Carolina in the House of Representatives, and for a long time its speaker, was the friend and adviser of Jefferson, the boon companion of the fiery democrat, John Randolph of Roanoke, and the best representative of the spirit of democratic simplicity and honesty of his time.

The Rock Rest school, in connection with the Sunday school, will have a Christmas tree and entertainment on Thursday night.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and la grippe because it does not pass immediately into the stomach but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life giving and life sustaining oxygen to the blood and tissues. Dr. Armstrong of Delta, Texas, prescribes it daily and says there is no better cough remedy made. Sold by English Drug Co. and S. J. Welsh.

News from Jackson.

Waxhaw, R. F. D. No. 2, Dec. 11.—

It is with pleasure we report the new school house ready for school in district No. 6. On last Thursday the County Superintendent visited the new school building, received it and made a stirring speech on the development of public schools, complimenting the patrons of the district in their efforts to have a school building that is comfortable and attractive enough to draw all the children of school age where their mental faculties may be developed. It is earnestly requested by all who have had the work in charge, that every child be sent to school. By the way, we further suggest to those who have not yet taken stock in the building, that it is yet a good time to take out a few shares in the way of desks, and a nice coat of paint would be very desirable to all. Some have been so kind as to supply the building with a bell by private subscription. A good chance to furnish desks in this way, if no other.

At a meeting of the committee and patrons of district No. 7, Saturday, December 12th, it was decided to have a school this winter. Mr. J. W. Howell was employed to teach, school to begin Monday, December 28th.

Mr. Ed. Bigham and Miss Roxie Godfrey visited at Mrs. Fanchon Bell's of Wingate Saturday and Sunday. They report a pleasant trip.

Congressmen Get Alarmed.

Washington Special to Philadelphia Record.

Hungry rats chewed the insulation of the wires of the fire alarm system in the National Hotel at 6 o'clock this morning and sent in fifteen fire alarms. The 250 guests, 18 or 20 of whom were members of Congress, rushed down the stairs into the lobby, dressed mainly in frightened looks.
